

Blink

Designed by **Franco Mirenzi** (Registered)

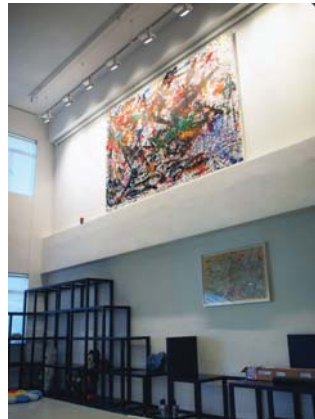

Features IP20

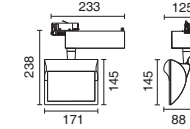

- Track mounted spotlight with versatile aiming angle of 0°-90° vertical tilting with 350° horizontal rotation adjustability. Light head and control gear case are made of die cast aluminium.
- Track adapter is the three circuit universal version.
- Supplied with Clear safety glass for Halogen and M.H. lamps. Supplied with PMMA diffuser for LED.
- Easy relamping by the removable lamp front ring via simple snap-in catch action.
- Light sources include Halogen, Metal Halide and LED.
- Long life LED light source provides IR and UV free emission.
- Available optional accessories are Louvre, UV and Coloured filters.
- Super pure aluminium reflectors with different optic beams are available.
- Designed and manufactured to comply with European standard EN 60598.

Applications

- Blink is a sleek compact timeless design with extremely powerful capabilities to meet the needs for higher light level in merchandising display areas while providing super energy efficiency as it utilizes Metal Halide lamps for superior color rendering and long life with minimal color shift.
- Application areas: retail, department stores, galleries, shopping centers, showrooms, residential, restaurants, hotels, exhibitions, window displays.
