Nippo Round/Square

Directional, adjustable, glare-free.

Features

- Versatile aiming angle 0°-30° vertical tilting and 350° horizontal rotation adjustability.
- Ceiling trim and lamp holder housing made of die cast aluminium. Designed for optimum heat dissipation.
- Concealed lamp setting to improve visual comfort and ceiling blending.
- Reflector made of super pure anodized aluminium.
- Installation springs suitable for ceiling thickness up to max 25mm.
- Transformer or control gear (either conventional or electronic) in pre-wired remote unit has to be ordered separately.
- Designed and manufactured to comply with European standard EN 60598.

Applications

- A new concept in floodlight designed to be glare-free.
- Include asymmetrical optics to achieve three dimensional light distribution for wide spread wall washing effect.
- Suitable for multiple lamp types, including HID and Halogen.
- Application areas: retail, commercial, hospitality, galleries, exhibits, residential.
