Features

IP20

- Track mounted spotlight with versatile aiming angle of 0°-90° vertical tilting with 350° horizontal rotation adjustability.
- Light head and transformer case are made of die cast aluminium. Track adapter is the three circuit universal version.
- Easy relamping by the removable lamp front ring via simple snap-in catch action.
- Light sources include Low Voltage Halogen and LED.
- Long life LED light source provides IR and UV free emission.
- Designed and manufactured to comply with European standard EN 60598.

Applications

- Dado and Rolo spot light are cube and cylinder in design being of a pure geometrical shapes. The double pivot points makes them versatile and very directional spotlights using a variety of lamp type options. Also the very compact features make these spots ideal for applications where the distance between the ceiling and the spot is an issue.
- Application areas: retail, department stores, galleries, shopping centers, showrooms, residential, restaurants, hotels, exhibitions, museums, window displays.
